“L” Graduate**

Do you wonder what those comments on your dressage test actually mean? Are you confused why your scores are not higher? Would you like to improve your scores or move up a level?

Then come for a day of learning with USDF Certified Instructor and “L” Graduate Rebecca Cord. Riders often do not realize that competing and test riding is a skill, and that just being able to ride movements at home, does not always transpire to the show ring. With a correct understanding of what the judge is looking for, riders can improve their skills and scores in the ring!

With over 20 years experience as a trainer, instructor, and “L” Graduate, Rebecca can help you and your horse improve your scores and gain knowledge and understanding of what the judge is looking for in each movement at all levels.

- **Open to riders of all levels and disciplines looking to improve their dressage scores! Eventers are welcome!**
- **Social distancing and masks required unless mounted.**
- **Refreshments will be offered and auditors welcome free of charge!**
